

17 November 2022

Dear Parent/Carer

Senior Phase Formal Assessments – Thursday 24 November

In light of the letter issued yesterday from Amanda Hatton (Executive Director for Education and Children’s Services) about the proposed industrial action, we have made alternative arrangements for the Formal Assessments which were due to take place on that day. This affects the following classes:

National 5

Geography (Mrs Croll)
History (Mrs Dobson)
Practical Cookery (Miss Burgoyne)

Higher

Business Management (Mrs Scott)
Environmental Science (Mrs Sanders)
Physics (Mr Owens)
Sociology (Mrs Cameron)

These formal assessments will be moved to Thursday 15 December unless the class teacher informs their class of an alternative date during the Formal Assessment window.

We are currently having discussions with these class teachers and will update the Formal Assessment schedule on the website with the confirmed arrangements by Monday 21 November.

If the planned industrial action does not take place then we will **not** change these assessments back to Thursday 24 November, they will remain on the new date which will be communicated to the pupils in these classes.

Further information about the arrangements for the industrial action will be shared next week.

Yours sincerely

Colin Meikle
Headteacher
